A public hearing will take place to hear public comments on the creation of a Wildlife Management Criteria Ordinance, focusing on introduced wildlife species (e.g. Elk, Oryx, etc.).

This will be the second in a series of public hearings in an effort to gather information from all agencies, groups and individuals that may have a stake in issues surrounding the environmental impact caused by this wildlife.

Please have documentation prepared of any damages and/or experiences you have had to submit for our evaluation.
